LAND ACKNOWLEDGEMENT

As this meeting is virtual and we are not all gathered in the same space, I recognize that this land acknowledgment might not be for the territory that you are currently on. We ask that if this is the case, you take the responsibility to acknowledge the traditional territory you are on and the current treaty holders.

York University recognizes that many Indigenous Nations have longstanding relationships with the territories upon which York University campuses are located that precede the establishment of York University. York University acknowledges its presence on the traditional territory of many Indigenous Nations. The area known as Tkaronto has been cared for by the Anishinabek Nation, the Haudenosaunee Confederacy, and the Huron-Wendat. It is now home to many First Nation, Inuit and Métis communities. We acknowledge the current treaty holders, the Mississaugas of the Credit First Nation. This territory is subject of the Dish with One Spoon Wampum Belt Covenant, an agreement to peacefully share and care for the Great Lakes region.

Overview and Practicum

Overview

The Bachelor of Education (BEd) at York University is designed to be a place where theory and practice are deeply linked and where foundations and methods courses and school and community experiences speak to one another. It consists of 10 full courses (60 credits) delivered over a period of four semesters, and includes required courses, a community placement, practicum placements, and elective courses. The program is structured around four broad themes – one for each semester:

- Orientation to the profession in community
- Learners
- Classroom and Curriculum
- Schooling, Society and Research.

Practicum Experiences

You will begin your practicum experience in the first year with both a community placement and a school-based placement. These complementary placements support the development of community-based practice, reflecting our Faculty's foundational belief in the relationship between school and community. These placements will allow you time to observe, relate, reflect and deconstruct your understandings of teaching and learning with a focus on links between theory and practice. In year one you will spend one day per week in each placement. In the second year you will undertake a school-based placement with both weekly days in placement and teaching block experiences. We are confident that these experiences will help you become exemplary teachers who are engaged in the facilitation of learning for Ontario students.

ATTENDANCE

Bachelor of Education Teaching Certification

It's important to remember that the BEd is a full-time academic program that has a very full schedule, and the degree is accredited as an in-person program. With the professional nature of the program and expectations from the Ontario College of Teachers (OCT), it is expected that students attend classes together to enrich their learning experiences and to prepare them to enter the teaching profession.

80% of your BEd courses will have a maximum 45 students allowing Course Directors to ensure teacher candidates are active participants in the class discussions. Students need to be fully present.

WHILE IN THE PROGRAM

EXPERIENTIAL EDUCATION - Practicum

Year 1 Practicum placement

School – Experience working collaboratively with a mentor teacher in school-based practicum placements (begins mid October). One day per week and culminating days end of fall term for 1 ½ weeks in December as well as last three weeks of April.

PLACEMENT - IN SCHOOL

Please be aware that all practicum placements are confirmed by our partner school boards and our ability to secure placements is dependent on the availability of host mentor teachers at participating schools---and include considerations of health and safety for all individuals.

The focus will be on inquiry, active engagement, co-planning and co-teaching to independent practice.

How many days per week will I be in the host school?

Teacher Candidates will attend placement at the host school for one full day per week plus three-week (culminating days) during the winter term, as per the Program calendar. There is no option to change days. Plan to be in your host school from approximately 8:00 until 4:00 on your practicum day.

PLACEMENT INFORMATION

What will I do while in placement?

The first year will focus on the development of professional understandings and relationships within the school community. **Teacher Candidates will have responsibility for participating actively for the whole school day, undertaking a range of experiences** such as working with small groups and/or individual students, deconstructing their understandings of teaching and learning with a focus on links between theory and practice, facilitating classroom transitions, co-planning and co-teaching with the mentor teacher, and engaging in lesson study. Teacher Candidates will also have the opportunity to experience different school settings (divisions, non-classroom, rotary, ELL, special education, etc.) throughout the year.

Who supports my school practicum experience?

Mentor Teacher, Practicum Facilitator (Faculty Liaison), Practicum (EE Office)

PREPARING

- Think of yourself as a professional. Starting with your first day of placement, you will be viewed as a “teacher” by students, staff and parents in your host school. “Wear” the role in your manner, communication and appearance.
- Make sure you have made personal arrangements to allow yourself to be “fully present” in your host school for full day... physically, emotionally and intellectually.
- Prepare for change – and be flexible!
- SMILE! This will be an outstanding year. We look forward to sharing the journey as you become an exemplary teacher.
