Required Course Descriptions

EDPR 1000 3.00 Studies in Communities and Their Schools This course examines education in schools, communities and the broader Ontario context, including differing perspectives on professionalism, relationships, legislation, conflicts, values, community, and knowledge construction within formal and informal contexts in education. It prepares students to enter a workplace as professionals in schools through an understanding of expectations of professional conduct and responsibilities, and a comparison of issues of decolonization, equity, diversity, and inclusion. The course takes place at the same time as BEd students' first school practicum and necessarily pushes them to consider how these policies and concepts are (and are not) realized in practice. The course is only open to students in the Bachelor of Education (BEd) degree program.

ED/EDPR 2000 3.00 Practicum This course provides the experience of working collaboratively with a mentor in school-based practicum placements. Students will develop strategies and skills for articulating and demonstrating their development as beginning teachers through the integration of theory and practice.

EDFE 1101 3.00 Adolescent Development & Health: How many educators understand the developing adolescent through the wider world? Topics include: mental health and family/school life; theories of mind, language, and emotional life; studies of peer and school influence, conflict and care; and sexuality, gender, and race for adolescents.

EDFE 1300 3.00 Inclusion, Disabilities and Education This course examines the inclusion of children with exceptionalities in the general education classroom. Topics will include inclusion, relevant legislation, differentiation, collaborative practice, instructional technologies and equity issues related to identification, placement and achievement.

EDFE 2000 6.00 Foundations of Education & Theory into Practice. This interdisciplinary course examines the philosophical, historical, and sociological foundations of education. Attention is paid to the socio-cultural, historical and political context of education, with specific reference to the development of compulsory public schooling and residential schooling in Canada. Students will connect educational theory to their professional practice. Through readings, teaching narratives and casework, students will adopt critically informed approaches to current, multidisciplinary and professional practices of teaching.

This is a blended course, consisting of a few in-class sessions, with the majority being delivered online throughout the academic year.

ED/EDIS 3610 3.00 New Media Literacies and Culture: This course will explore new media technologies and literacies prevalent in contemporary popular culture and of increasing importance in education. An array of new media technologies and emergent literacies will be explored theoretically, critically, and through hands-on applications in order to consider their pedagogical, curricular, and socio-cultural implications.

ED/TECH 4000 3.00 Teaching Tech Ed in the Intermediate-Senior Divisions - A: This course begins to prepare students to be qualified teachers of Technological Education in Ontario classrooms. It allows students to examine the theories, philosophies, knowledge, policies and practices specific to teaching Technological Education in the intermediate and senior grades.

ED/TECH 4001 3.00 Teaching Tech Ed in the Intermediate-Senior Divisions - B: This course continues to prepare students to be qualified teachers of Technological Education in Ontario classrooms. It develops students' expertise in the theories, philosophies, knowledge, policies and practices specific to teaching Technological Education areas in order to further develop students' expertise for teaching this subject. ED/TECH 4000 (Part A) is a prerequisite for this course.

Course offering details are subject to change. Please visit the [York Courses page](#) for the most recent information

It's important to remember that the BEd is a full-time academic program that has a very full schedule, and the degree is accredited as an in-person program; with the professional nature of the program and expectations from the Ontario College of Teachers (OCT), it is also expected that teacher candidates attend classes together to enrich their learning experiences and to prepare them to enter the teaching profession.

Criminal Record Check/Vulnerable Sector Screening (VSS)

All Teacher Candidates (TCs) enrolled in a B. Ed program must have a valid VSS for every year in the program. At the start of the program in September, all TCs must have a cleared VSS document with an issued date of no earlier than July 1. TCs need to apply for a new VSS prior to the expiry date of the existing one every year. Processing time should take between 2-4 weeks but can be much longer in cases where fingerprinting may be required. For this reason, TCs should begin the process early to ensure their VSS is never expired. Contact your local Police Services Office to find out how long their processing time is and begin your application accordingly in order to always have a valid document.

Without a clear VSS document, you will not be allowed to participate in practicum.

School boards, practicum schools, community organizations, course directors and practicum facilitators will demand that you show your original VSS document prior to attending your practicum. Always keep your original document with you so that you can produce this document as requested. TCs placed in specific school boards may be asked to forfeit their **original VSS** document. For this reason, you may need to request a second copy at the time of application. Most Police Services will provide a second copy at a nominal charge.

How and Where Do I Obtain a VSS?

TCs must obtain their VSS from the police services office based on where they reside. We have provided the information below for some jurisdictions. If you live in a jurisdiction that does not appear below, please check your local police website, or go to your local police station to request a VSS.

Information about Criminal Background Checks with Vulnerable Sector Screening VSS is available on the Mentoring and Teaching Resource Room (MTRR) <https://mtrr.blog.yorku.ca/criminal-background-checks/>. We encourage all Teacher Candidates (TC's) to review the information carefully.
